

## Services

### We take great pride in our reputation for efficiency, accuracy, and quality.

Conveniently located in central Illinois, Peoria Production Solutions has been serving companies of all sizes in a wide range of industries for more than 80 years. As a self-sustaining, not-for-profit company we are in a unique position to help save you money on high-quality contract assembly, packaging, kitting, sewing, and other production services.

#### Contract Assembly

Our signature service, we offer contract assembly for companies in a range of industry sectors including consumer, commercial, and industrial. Whether you need assembly of mechanical and electronic products, sample kits, or POP displays you can count on us for a quick turn-around, cost savings, and a quality end-product.

#### Kitting

We provide kitting, assembly, and packaging solutions to industry including Fortune 100 manufacturers, subscription service companies, food and beverage companies, and more. Our automated inventory control system and experienced staff ensure high quality kitting services with meticulous attention to detail.

#### Packaging and Wrapping

Our packaging services include packing, packaging, repackaging, bag filling, stretch wrapping and palletizing OEM and private label products. We customize our product packaging services to meet your needs and exceed your expectations.

## Sewing and Fabrication

We provide high-volume commercial sewing utilizing heavy duty equipment. Our staff is experienced with a wide range of industrial fabrics and sewing projects including Velcro attachments on clear neoprene dividers, grommets in commercial signs, straps on various gear, buckles and rivets on gait belts, and more.

## Other Services

Ask us about our cutting and finishing services or how we can help you reduce costs by limiting scrap and waste of products and assemblies.

## Shrink Bundling

Peoria Production Solutions offers shrink wrapping of canisters and bottles in corrugated trays. Our trays can be packaged in 6, 12 or 24 packs with a "handle gap" on each side of the package to allow for ease of carrying.

## Auto-Labeling

We offer labeling on round jars, bottles, or canisters. Pressure-sensitive labels can be up to 8" in height and up to 16" in width. Customers can supply their own labels or ask us to source them.

**Hire Performance, Higher Standards**
