### WHO WE ARE:

- With more than **eight decades of experience**, **PEORIA PRODUCTION SOLUTIONS INC.** is renowned for delivering top-notch secondary production and packaging solutions to various commercial and federal government clients. As a fully autonomous organization, we are committed to excellence and take pride in our exceptional responsiveness when providing world-class services.
- Our facility's strategic location provides seamless access to current and future requirements, with convenient proximity to major highways and international airports, enabling efficient nationwide and global transportation.
- We are equipped with a computerized inventory control system to ensure safe and efficient handling of raw materials, components, and finished products, supported by ample storage and rigorous climate control measures.
- We provide exceptionally competitive service quotes without compromising cost efficiency, and our unwavering commitment to responsiveness ensures 24/7 availability.
- We consistently allocate resources toward the enhancement of our employees, thereby cultivating a highly skilled and versatile workforce. This investment equips our team with the ability to mitigate production disruptions through comprehensive cross-training, ensuring a dedicated and adaptable workforce tailored to meet all production requirements.
- We aim to create significant job prospects for people with disabilities, actively involving them in our achievements. We cultivate a secure and respectful workplace that flourishes through its commitment to inclusiveness.
